Great Data Tells a Story. Great Analysts Drive Change.

Table of Contents

10 Units • 100 Topics • A Complete Analytics Journey

Unit 1: Problem Framing & The Art of the Question 09 – 26

- 1.1 The "5 Whys" Technique: Digging past the surface request to find the true business pain.
- 1.2 Converting Business Problems into Data.
- 1.3 Defining Success Metrics: Setting clear KPIs before the analysis begins.
- 1.4 Stakeholder Interviewing: How to run a discovery session.
- 1.5 Identifying Constraints: Data availability, time sensitivity, and budget.

Unit 2: Narrative Design (The Story Arc) 27 – 45

- 2.1 The ABT Framework: "And, But, Therefore" for quick data summaries.
- 2.2 The SCQA Framework: Situation, Complication, Question, Answer.
- 2.3 Choosing the Protagonist: Is the "Hero" the customer, the product, or the company?
- 2.4 Managing the "Climax": Leading the audience toward the most important insight.
- 2.5 The "Actionable Ending": Ensuring every story ends with a clear "Next Step."

Unit 3: Visual Communication & Slide Design 46 – 68

- 3.1 Preattentive Attributes: Using color, size, and orientation to guide the eye.
- 3.2 Eliminating "Chart Junk": Maximizing the data-to-ink ratio.
- 3.3 The "Blink Test": Can a stakeholder understand the slide in 5 seconds?
- 3.4 Effective Annotation: Using callouts and titles to tell the user what to think.
- 3.5 Executive Slide Layouts: The "Z-Pattern" and "F-Pattern" of reading.
- 3.6 Choosing "Insight over Information": When to use a table vs. a chart.

Unit 4: Stakeholder Management & Oral Delivery 69 – 90

- 4.1 Translating Tech-to-English: Explaining P-values or Co-efficients to a Marketing Manager.
- 4.2 Handling "Bad News": How to present data that shows a project failed.
- 4.3 Managing The Q&A: What to do when you don't know the answer.
- 4.4 Adapting to the Audience: Presenting to C-Suite vs. Peer Analysts.
- 4.5 The "Executive Summary" Pitch: Delivering a 2-minute "Elevator Version" of your 40-page report.

5.1 Writing for Scannability: Bullet points, bold text, and headers..91 – 113

5.1 Writing for Scannability: Bullet points, bold text, and headers.

5.2 The Executive Summary: Writing the one-pager everyone actually reads.

5.3 Documentation (READMEs): Explaining your methodology so other analysts can reproduce it.

5.4 Data Ethics & Transparency: Disclosing data limitations and biases.

5.5 Professional Slack/Email Communication: How to share a quick insight without a full deck.

Unit 6: Domain Specialization (Choose Your Track) 114 – 141

Track A: E-Commerce & Retail

Track B: SaaS & Subscription

Track C: Marketing & Growth

Track D: FinTech & BFSI.

Track E: Healthcare & BioTech

Each unit includes a Quick Reference Cheat Sheet
